To view your savings, visit
www.seimastertrust.co.uk and click on the 'Log in' button

This page shows you where you're currently invested. For details of other investment funds that are available from the SEI Master Trust, together with details of their past performance and characteristics, you can go to the **'view funds'** page.

On the **'your investment options'** page you can switch where your money is invested currently, redirect where your future contributions go, or both, by completing the online process.

To get started, click on **'change strategy'**.

Select your investment approach

Set-and-forget with one of the pre-made lifestyle strategies, or choose your own fund mix from the range of self select funds.

You can switch at any time.

Lifestyle strategies

For those who don't want to manage their own investment strategy. A set-and-forget approach.

Choose a lifestyle strategy

Self select funds

For those who want more say in where their savings are invested.

Choose from the self select funds

If you would like to be invested in one of our default investment options, select **'Choose a lifestyle strategy'**. Select your new lifestyle strategy and then confirm that you're happy with your Target Retirement Age, and your attitude to risk. Click through the screens to confirm.

Lifestyle strategies

Lifestyle strategies aim to grow your savings when you're further away from your target retirement age. They will then gradually move into lower-risk funds to protect their value as you get closer to your target retirement age.

You can change your lifestyle strategy at any time
